**ABOUT US**

E.S.P. (Electrical Services Provided INC.) is a full-service electrical contractor servicing the Georgia area since 2008. Providing top quality electrical services to both homes and businesses, our services include the installation of light fixtures and/or switches, remediation and installation of circuit breakers, installation of cable lines, phone lines, and emergency generators, electrical panel upgrades, wiring upgrades and repair, and electrical maintenance and inspection. Our professional technicians are able to tackle electrical issues both large and small thanks to their wide-ranging experience in the field, completing projects safely and efficiently while delivering exceptional results to our clients. E.S.P. is fully licensed, insured and bonded, our staff is available 24/7 for emergency services. E.S.P. Electrical Services can fulfill any contracts offered by government organizations or exclusive businesses.
